

Nexus Desk

USER MANUAL GUDIE

What is Nexus Desk (HRIS)

- NexusDesk is a Human Resource Information System (HRIS) that manages employee records, applicant tracking, and clearance processes across multiple client companies, while also handling the deployment of merchandisers and riders to retail outlets and SPX hubs.

What is HRIS?

- HRIS stands for Human Resource Information System - software used to manage employee records and core HR processes such as hiring, payroll, and benefits.

Nexus Desk is built around three connected parts:

- **Outlet Assignment** – manages merchandisers deployed to retail outlets like Puregold, Wal-Mart, and Robinsons, tracking who's assigned where, their deployment status, and the hiring pipeline for new merchandisers.
- **SPX Hubs** – manages riders deployed to SPX Express delivery hubs, tracking rider counts, deployment status, and which coordinator handles each hub.
- **HRIS** – manages the full employee lifecycle across all client companies, from applicants to active employees to those who become inactive, including their government IDs, banking details, and clearance process when they leave.

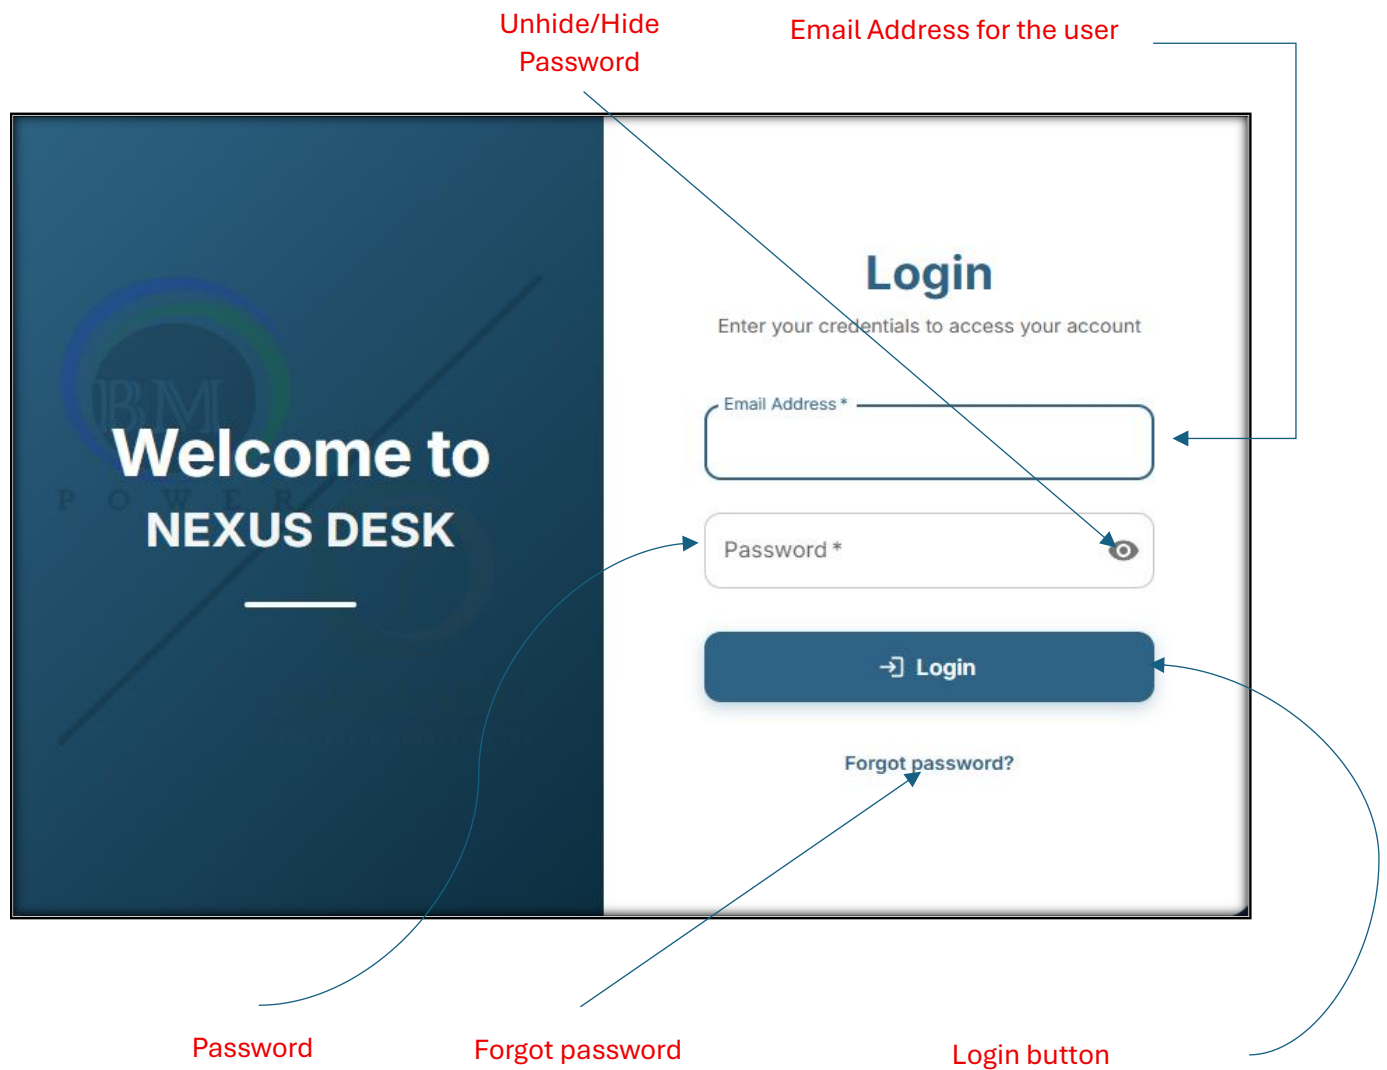

Together, these let one system handle both outlet/hub deployment and HR records for everyone working across the different client accounts

3. LOGIN

Short Description: User login screen

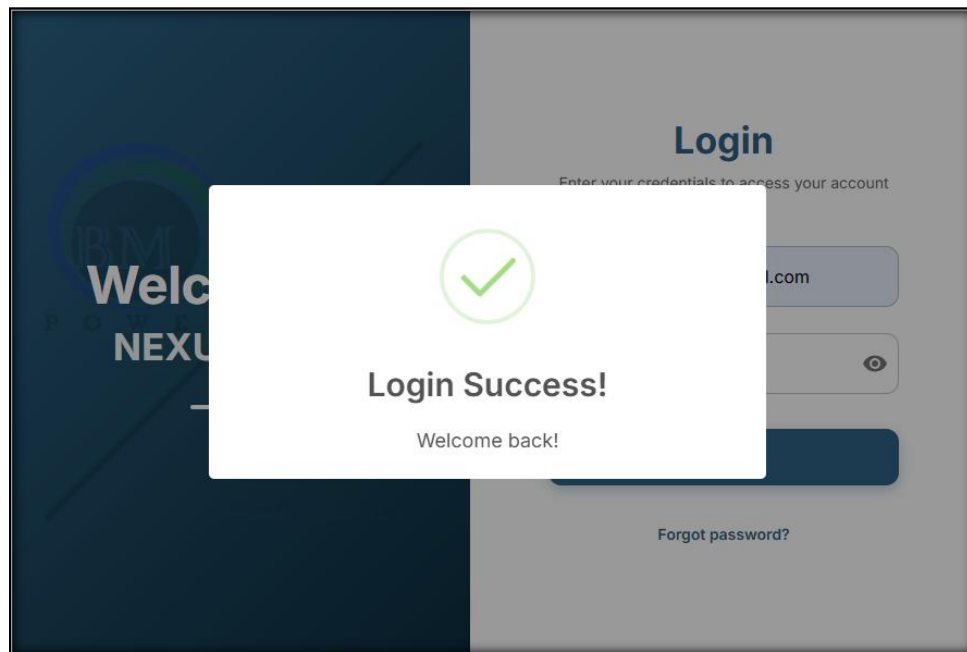

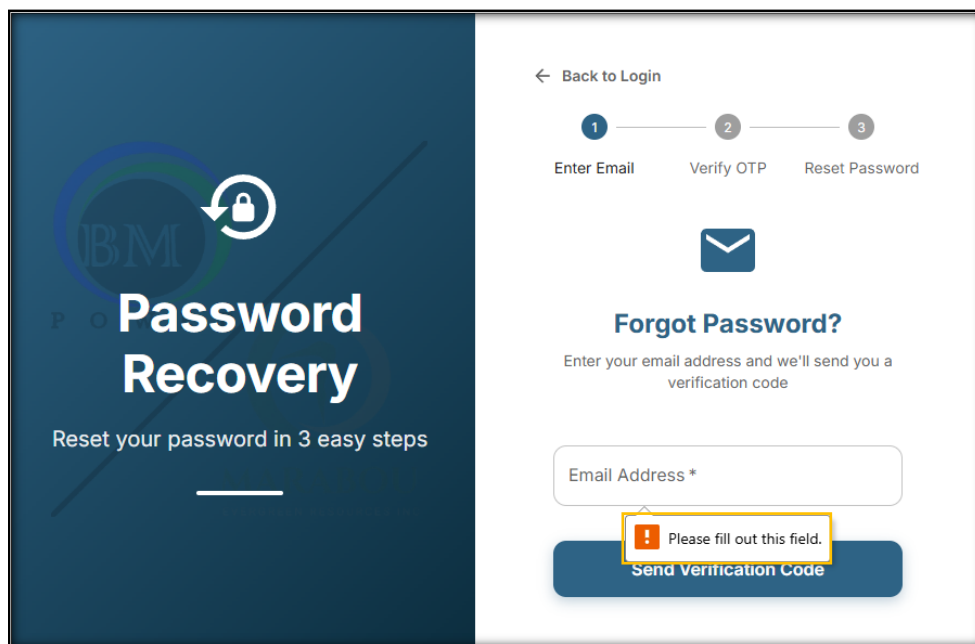

- If the user input a wrong spelling it count as email does not exist
- If the user input a wrong email address you will see that email does not exist.

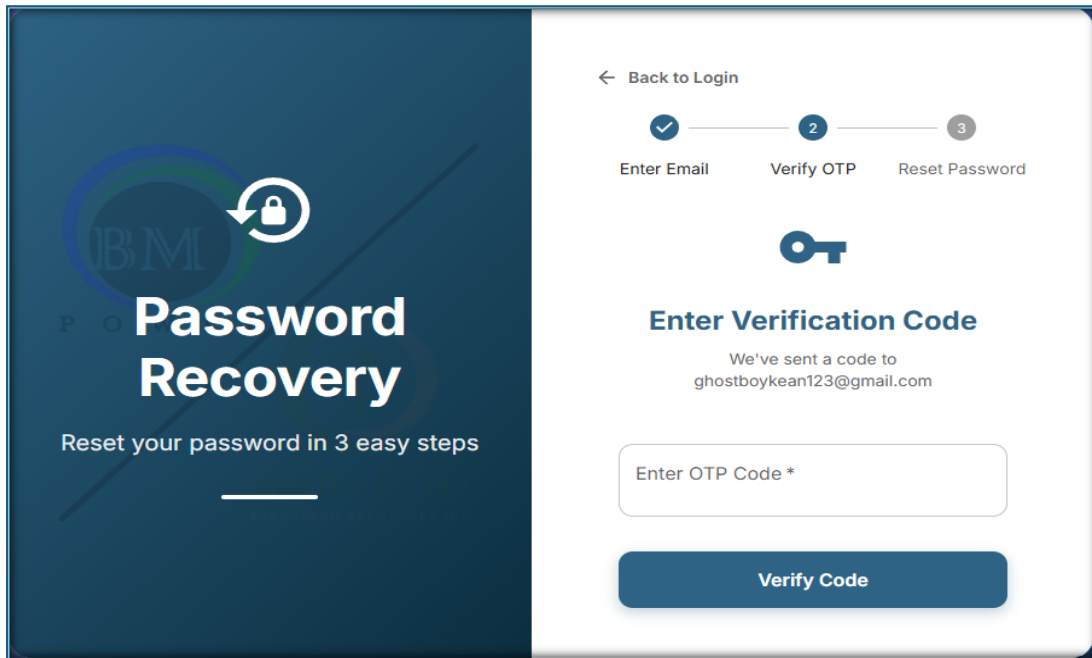

- If the user input wrong password, you will see the pop up that you put a wrong Answer.

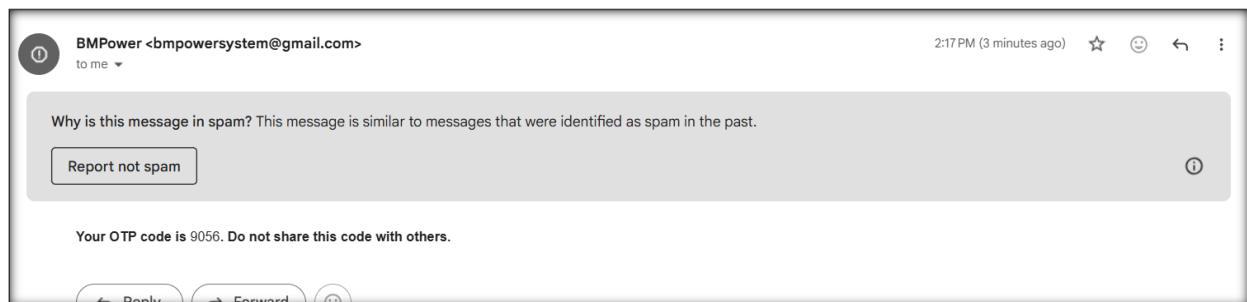

- After the user input a right email and password the screen will pop up that you logging successfully,
- But if the user forgot the password, you will have to go to forgot password by clicking it there.

- Once the user click “forgot password” you will see this screen that you have to put a email address you use
- If the user did not put any email address it will pop up the “Please fill out this field”.

- After a user enter correct email it will prompt you to type a verification code.

- After entering your email address, check your inbox or spam folder to find the OTP sent to you.

← Back to Login

Enter Email Verify OTP Reset Password

Create New Password

Your new password must be different from previous passwords

New Password *

Confirm New Password *

Reset Password

- Once you paste it and enter the correct OTP, a prompt will appear. Type your new password and confirm it

Password Reset Successful!

You can now login with your new password

OK

- Once the user finishes entering their new password, a confirmation prompt will appear stating that the password has been successfully reset.

Process:

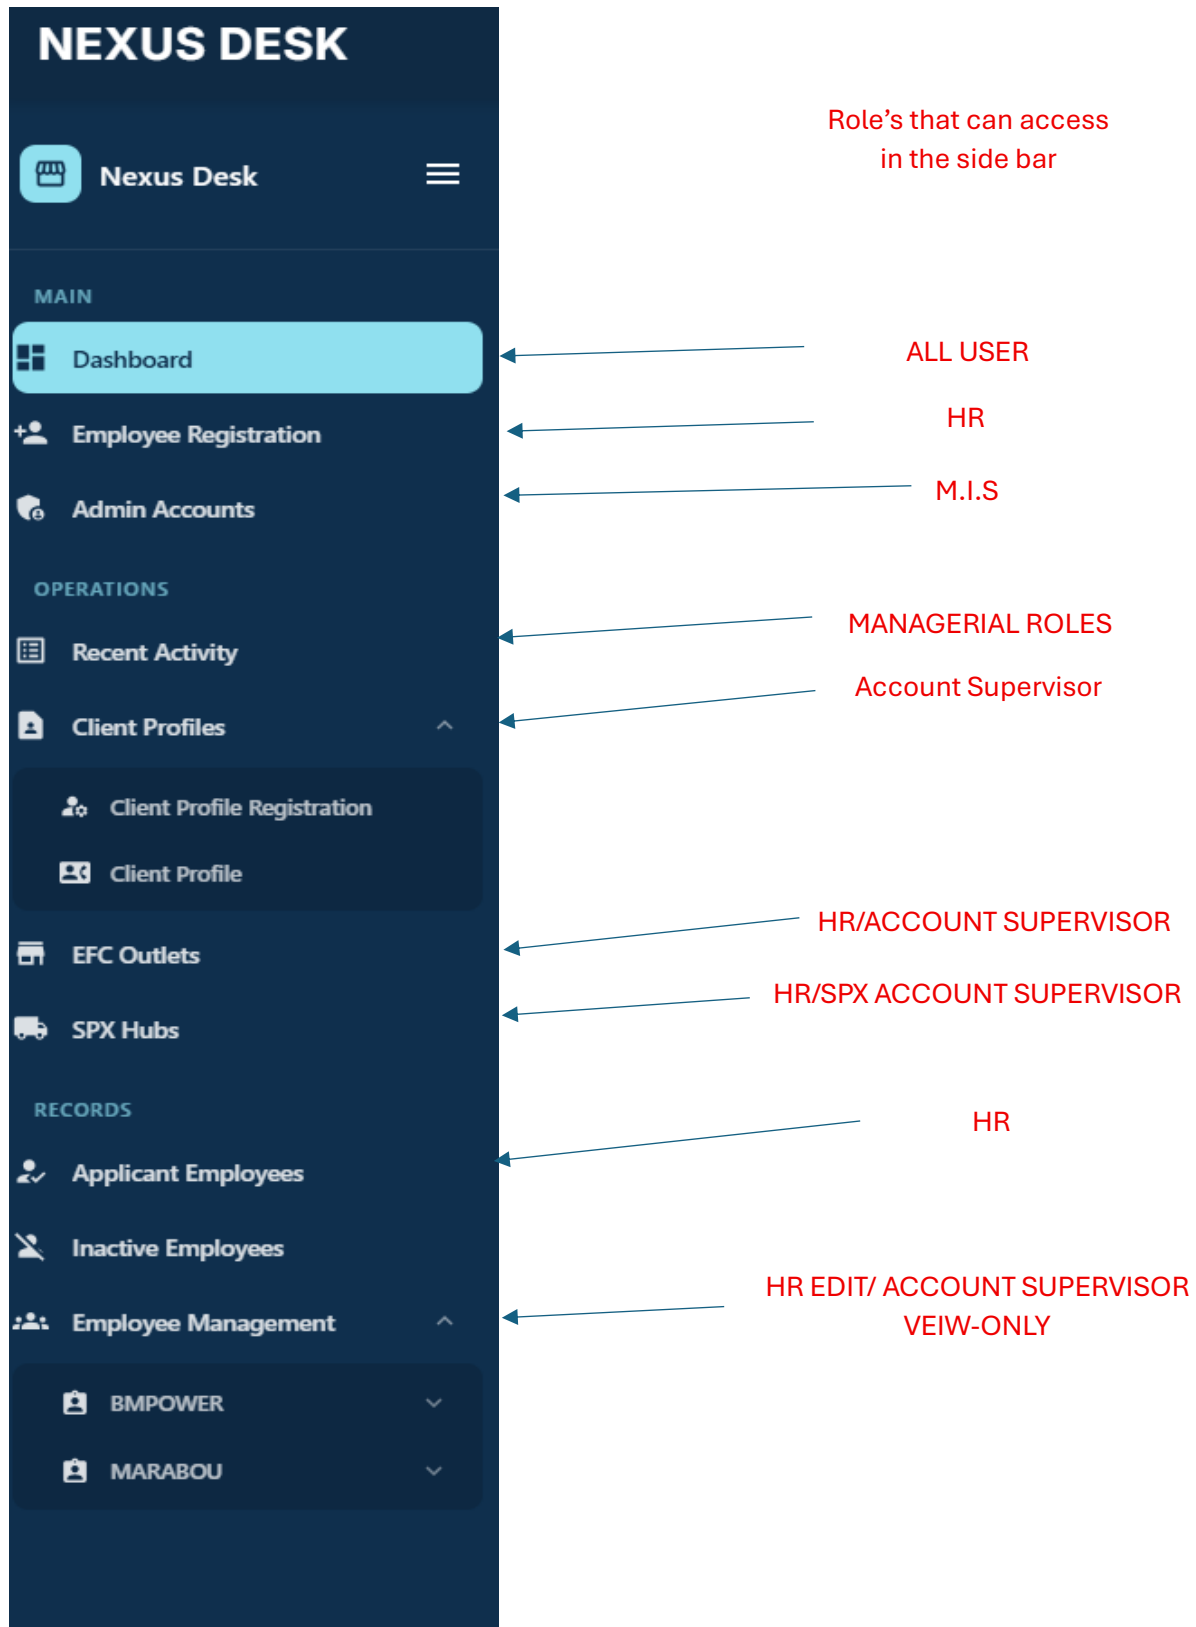

- **Email Address field** – Lets the user type in their registered email to identify their account.
- **Password field** – Lets the user enter their secret password to authenticate.
- **Eye icon** – Toggles the password between hidden and visible text so the user can check what they typed.
- **Login button** – Submits the entered credentials to log the user into the system.
- **Forgot password? link** – Takes the user to a password recovery process if they can't remember their password.

Function:

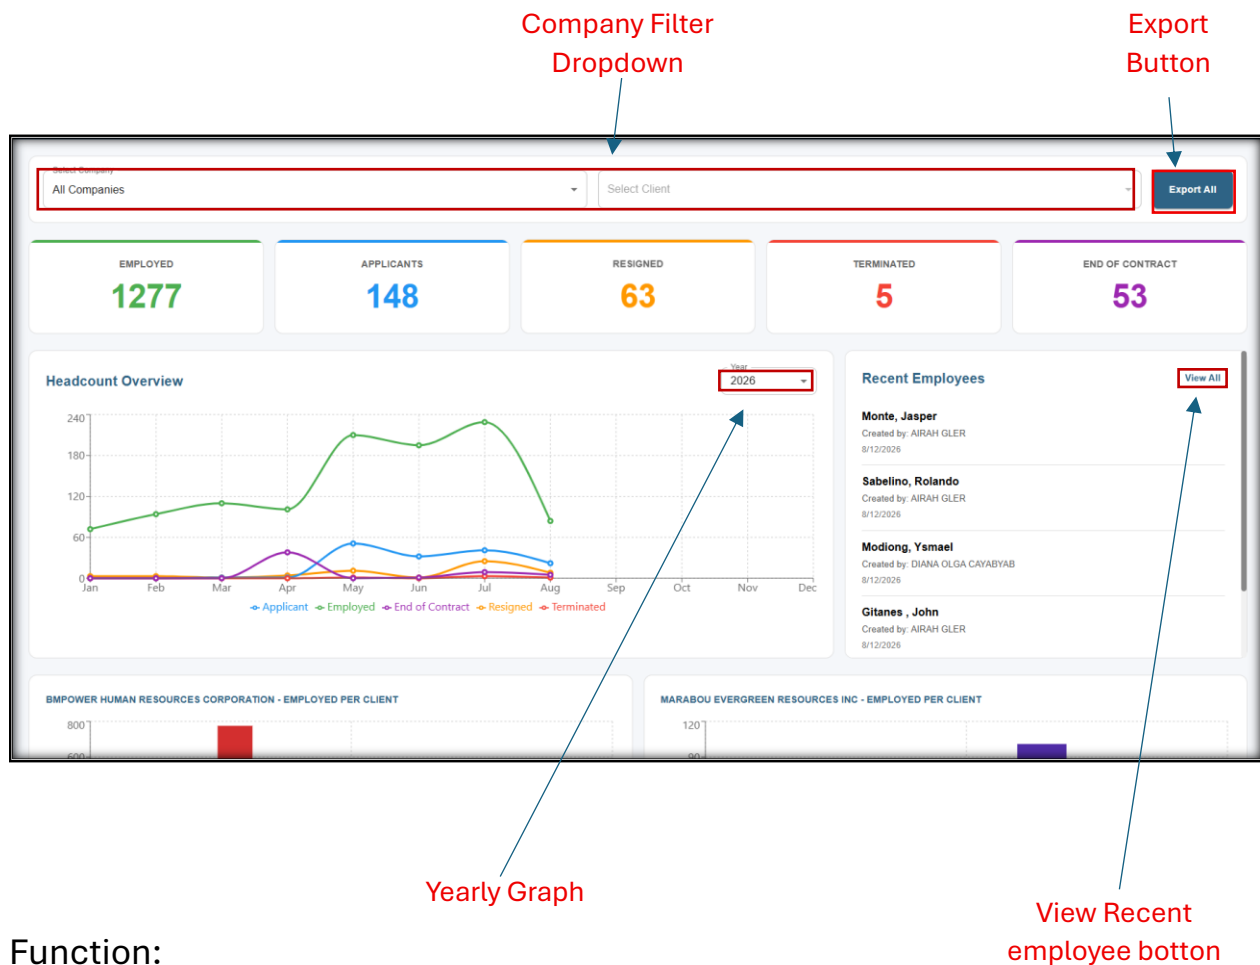

The function of this page is to **verify the identity of a user before giving them access to the system.**

Role: All users

9. Side bar

10. Dashboard

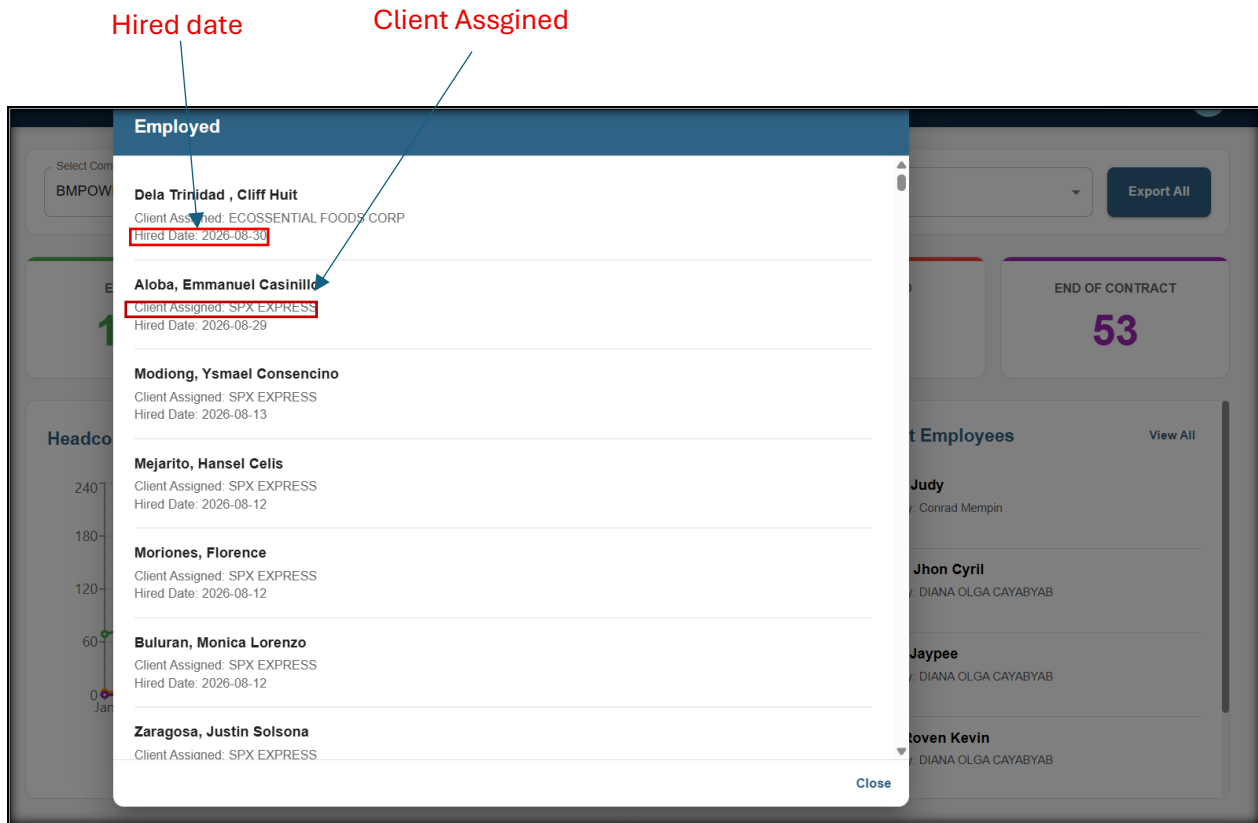

Function:

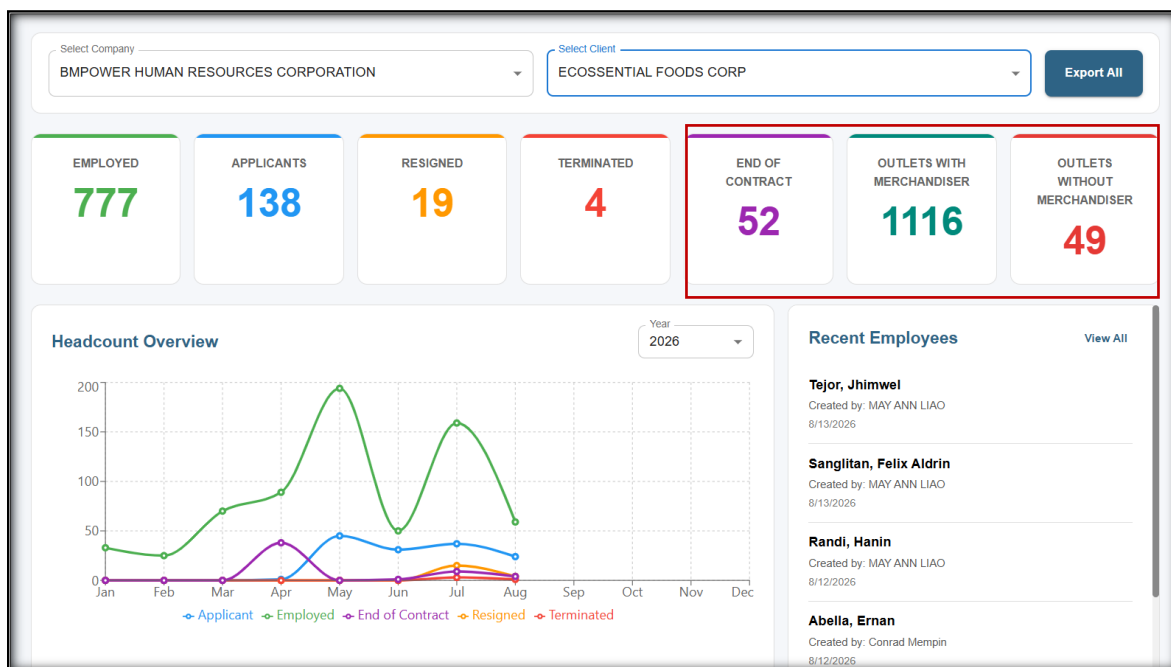

- The user can see filters where the user can select a specific client from the "Select Client" dropdown, or leave it on "All Companies" to view everything combined.
- On the right, under Recent Employees, the user can see the most recently added employees, along with who added them and when. If the user wants to see the complete list, the user can click View All.

Process:

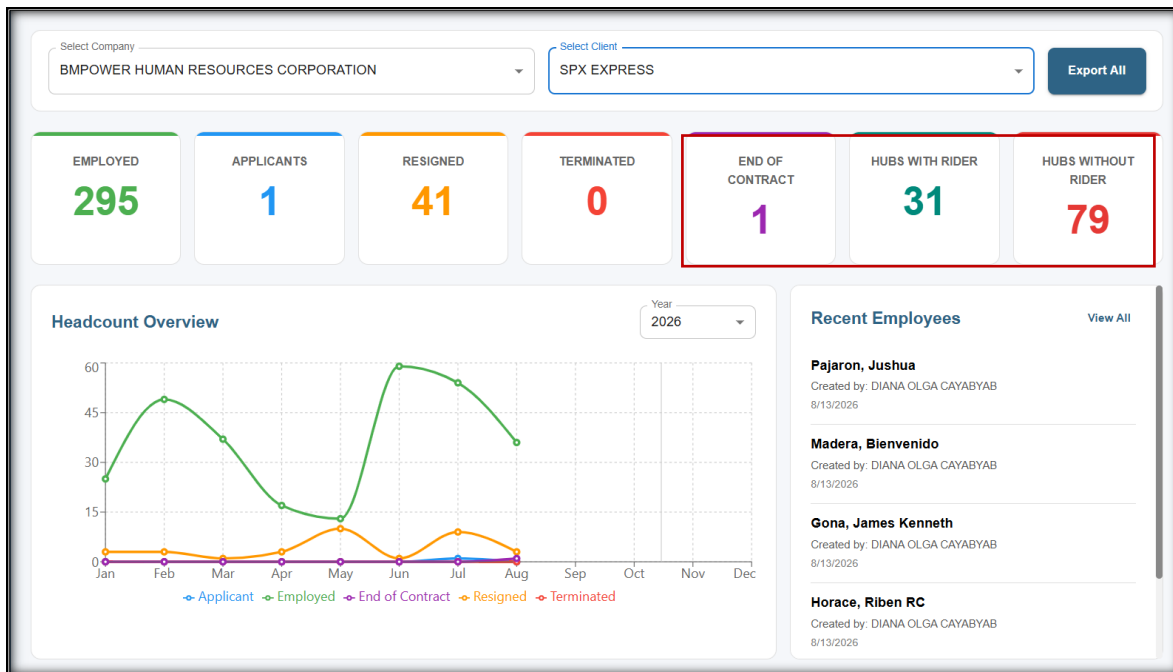

- The user opens the dashboard, which loads the default view showing data for "All Companies."
- The user selects a company or client (optional) using the "Select Client" dropdown if they want to narrow the view down to a specific client instead of seeing all companies combined.

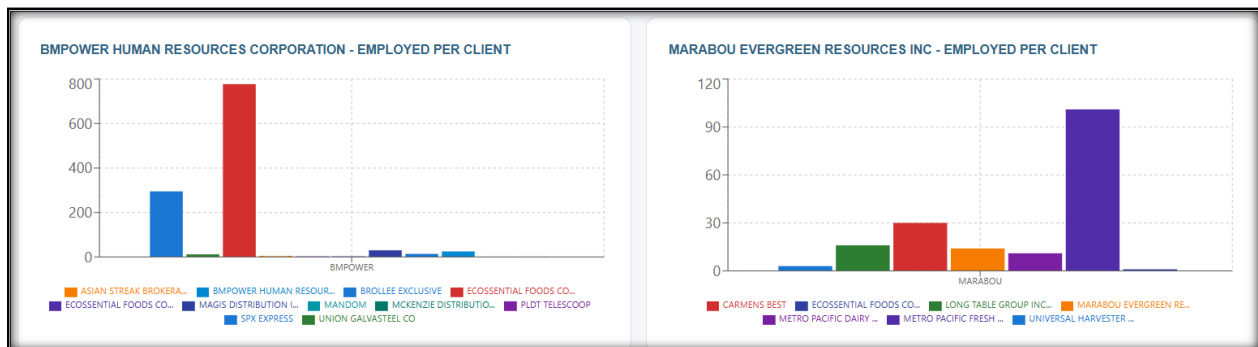

- The user can see the date that employee was hired.
- The user can also see where the client is assigned to.

- When the user selects BMPower as the company and EFC as the client, the dashboard displays three additional metrics: End of Contract, Outlets with Merchandiser, and Outlets without Merchandiser.

- When the user selects BMPower as the company and SPX Express as the client, the dashboard displays three additional metrics: End of Contract, Hubs with Rider, and Hubs without Rider.

- The user can see the number of employed staff per client under both BMPower Human Resources Corporation and Marabou Evergreen Resources Inc.

CREATE EMPLOYEE ACCOUNT

- The user can click or drag and drop to upload supporting documents (images, PDF, or Word files), then click "Create Employee Account" to submit the form or "Cancel" to discard it.

- After uploading, the user can see a thumbnail preview of the uploaded file, along with a trash icon to delete it if needed.

- Once the account is created, the user also receives a notification in the bell icon showing who registered the employee, along with the company, client, position, status, and remarks details.

Process:

- **Select Company & Employment Info** - The user chooses the Company, Client Assigned, Status, and Remarks, and optionally enters an Employee No.
- **Fill in Personal Information** - The user enters the employee's Last Name, First Name, Middle Name, Contact Number, Birthday, and Home Address, then selects a Position (this becomes available only after a Client is selected).
- **Add Government IDs (Optional)** - The user may optionally enter the employee's SSS, PHIC, HDMF, and TIN numbers.
- **Enter Employment Details** - The user enters the required Date Hired and SIL Balance, leaving Date Resigned blank unless the employee has already left.
- **Set Bank Account Details** - The user selects a Mode of Disbursement first, which then allows them to enter the corresponding Account Number.
- **Upload Supporting Documents** - The user clicks or drags and drops files (images, PDF, or Word) into the Document Upload area.
- **Submit or Cancel** - The user clicks "Create Employee Account" to submit the completed form, or "Cancel" to discard it.
- **Receive Confirmation** - Once submitted successfully, the user sees a green "Account successfully created!" message and a notification appears in the bell icon.

The screenshot shows a web application interface for managing employees. On the left is a dark blue sidebar with navigation links: 'Registration', 'Accounts', 'Activity', 'Offices', 'Data', 'Employees', and 'Management'. The main area displays a table of employees. A dropdown menu is open over the table header, showing 'Sort by DESC' and 'Unsort' options. The table has columns for '#', 'Role', 'First name', 'Middle name', 'Last name', 'Email', 'Contact Number', 'Status', and 'Action'. The table contains 10 rows of employee data. At the bottom right of the table, it says 'Rows per page: 10' and '1-10 of 31'.

- The user can click "Sort by DESC" to arrange the list in descending order, or click "Unsort" to remove the sorting and return to the default order.

The screenshot shows a modal form titled 'Add New Admin User'. It contains several input fields: 'Role' (a dropdown menu), 'Branches' (a dropdown menu), 'First Name *', 'Middle Name', 'Last Name *', 'Email *', 'Contact Number *', 'Password *' (with an eye icon for toggling visibility), and 'Confirm Password *'. At the bottom right, there are two buttons: 'Close' and 'Confirm'.

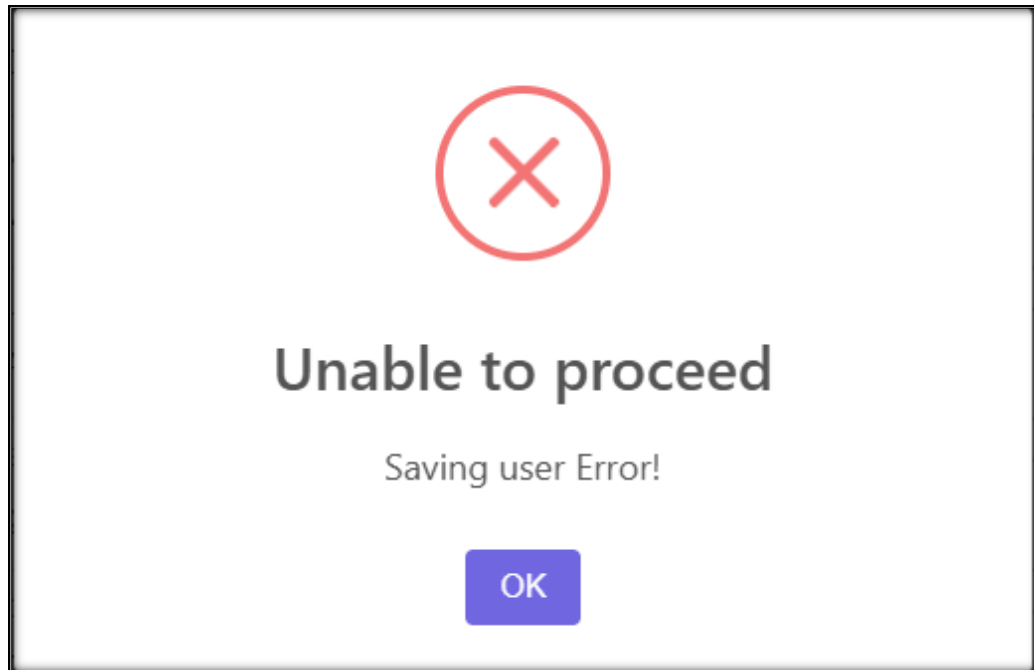

- The user fills in the required fields (Role, First Name, Last Name, Email, Contact Number, and Password) and clicks "Confirm" to create the new admin user, or "Close" to cancel.

- If the user tries to submit the form without selecting a Role, an "Unable to proceed" error message appears prompting them to select one before continuing.

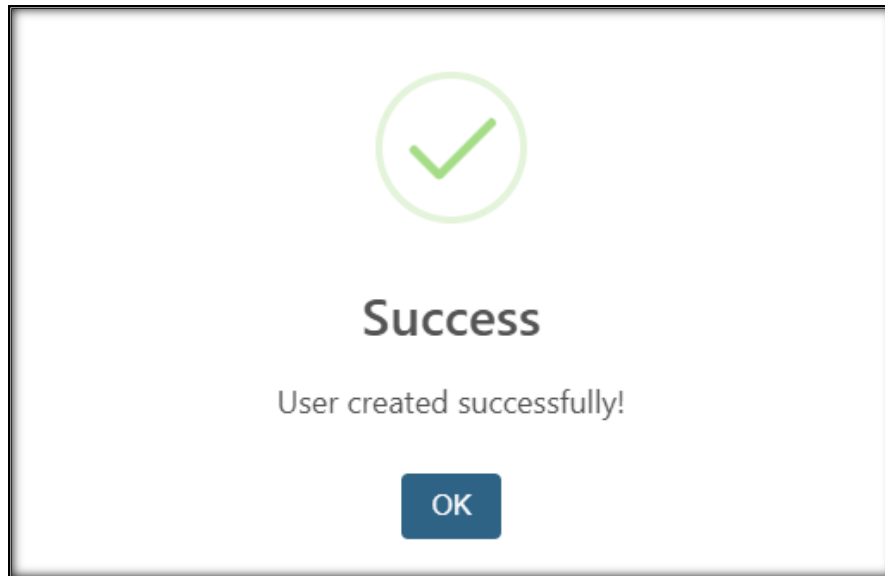

- Similarly, if the user leaves the Branch field (or any other required field) blank, the system will display an error message prompting them to fill it up before they can proceed.

- If the user put right credentials but still error, means that there's already existing email using it
- Else if the user use a new one it will successfully create a new user

A form titled 'Enter OTP Code' with a dark blue header. Below the header, the text 'Please enter the 4-digit OTP code sent to your email.' is displayed. A text input field contains the number '8024'. Below the input field, the text 'OTP code does not match.' is shown in red. At the bottom of the form, there are two buttons: a light gray 'Cancel' button and a dark blue 'Create User' button.

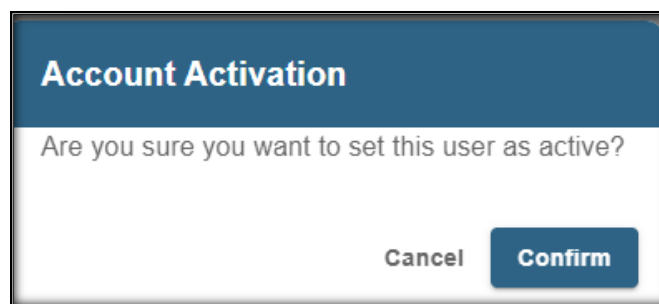

- The user is required to enter the 4-digit OTP code sent to their email; however, an error message is displayed indicating that the code entered does not match the one on record.

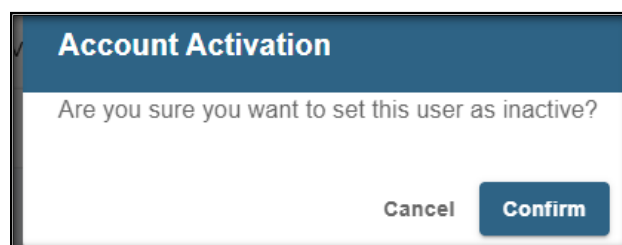

- The user sees a "Success" message confirming the account has been created after entering the correct OTP code.
-

- **"Export Summary (Excel)"** button – the user clicks this to download a summary of the employee activity as an Excel file.
- **"Updates" / "New Registrations" tabs** – the user switches between these tabs to filter the view between updated employee records and newly registered employees.

- The user views the Updates tab, where each card displays an employee's changed fields with the before-and-after values, along with who made the update and their role, with pagination controls to browse through the full activity list.

- The user views the New Registrations tab, showing each newly registered employee's registration details along with who created the record, with pagination to browse the full list.

- The user clicks "Previous" or "Next" to navigate between pages, with the current page position displayed in the middle.

Process:

- **View Recent Employee Activity** - The user opens the Recent Employee Activity panel, which displays the total number of activities recorded.
- **Choose a Tab** - The user switches between the "Updates" and "New Registrations" tabs to filter the records shown.
- **Review the Cards** - The user reviews each card, which shows either the updated fields with before-and-after values or the new employee's registration details.
- **Check the Author** - The user checks the name and role of the person who made the update or created the registration.
- **Browse Through Pages** - The user clicks "Previous" or "Next" to browse through the remaining pages of records.
- **Export the Summary** - The user clicks "Export Summary (Excel)" to download the activity data as an Excel file.

The screenshot shows a web form for creating a client profile. At the top, there is an 'Email Address' field with the value 'gian.alonzo@example.com'. Below this is a 'Contract Information' section containing three fields: 'Payment Term' (a dropdown menu set to 'Cash'), 'Contract Start Date' (08/24/2026), and 'Contract End Date' (08/24/2027). The next section is 'Document Upload (Optional)', which features a large dashed box with a cloud upload icon and the text 'Click to upload or drag and drop' and 'Upload contract documents (images only)'. Below the upload area, it says '1 file(s) uploaded' with a green checkmark icon, and there is a 'VIEW ALL PHOTOS' button. At the bottom right of the form, there are two buttons: 'CANCEL' and 'CREATE CLIENT PROFILE', with the latter highlighted by a red rectangle.

- One's the user fill up the requirement field you can click the create client profile

- The user will notice this notif on the middle of the screen

Process:

- The user completes the Company & Business Information, Contact Person Information, and Contract Information sections, optionally uploads supporting documents, then submits by clicking Create Client Profile

30. Client Profiles

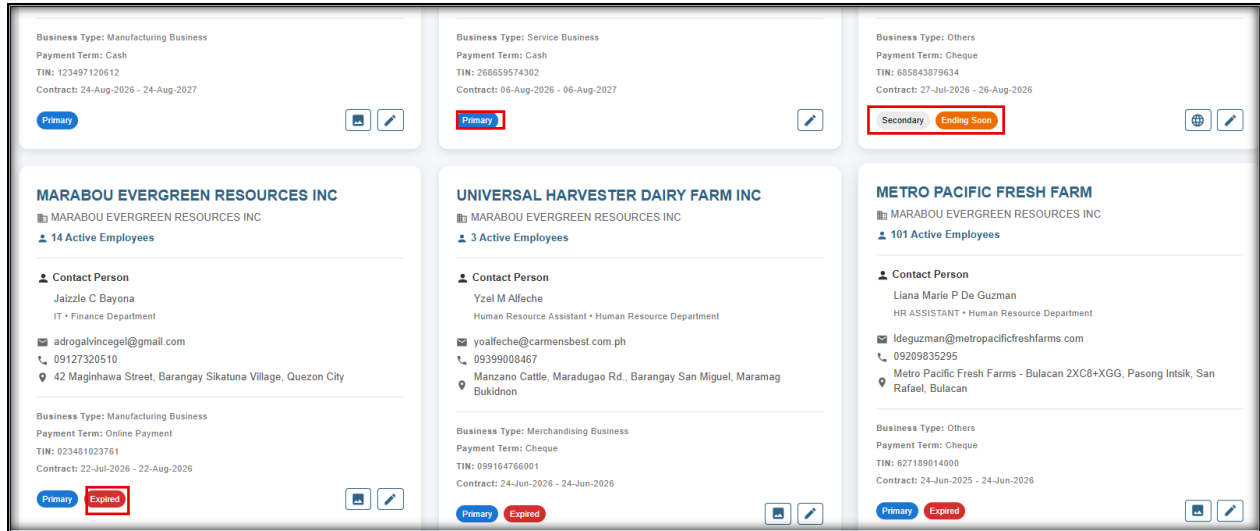

Search & Filter bar

The screenshot displays the 'Client Profiles' dashboard. At the top, a dark blue header contains the title 'Client Profiles' and a subtitle 'View and manage client information'. A 'Total: 8 clients' badge is on the right. Below the header is a search and filter bar with a text input 'Search clients by name, company, email...' and a dropdown menu 'Filter by Company'. The main area features a grid of six client profile cards. Each card includes the company name, logo, employee count, contact person details, business type, payment terms, TIN, and contract dates. The cards are for ECOSSENTIAL FOODS CORP (two instances), MARABOU EVERGREEN RESOURCES INC (two instances), and METRO PACIFIC FRESH FARM. The first card for ECOSSENTIAL FOODS CORP is highlighted with a red box around its search and filter bar.

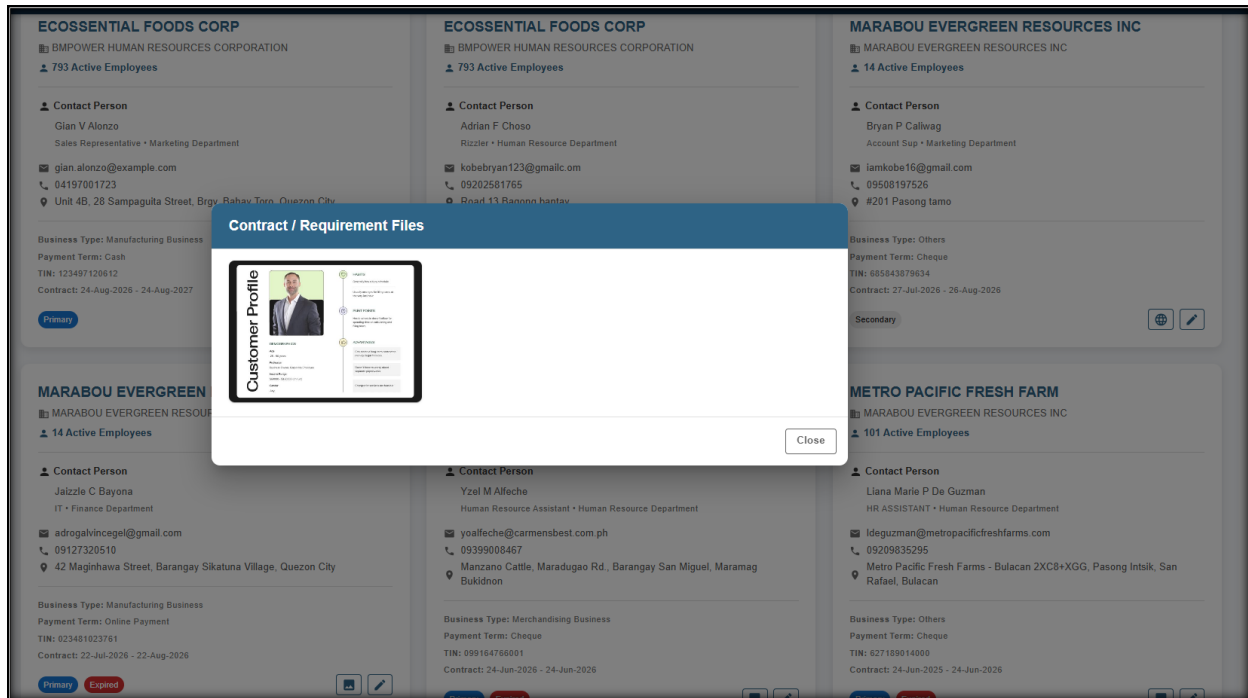

- The user can use this as the search and filter bar, which lets the user look up clients by name, company, or email and narrow the list down by company.

This screenshot shows a different view of the Client Profiles dashboard, focusing on the grid of client profile cards. The cards are arranged in a 2x3 grid. The first card for ECOSSENTIAL FOODS CORP is highlighted with a red box around its 'View Contracts' button. The cards provide detailed information for each client, including contact person, business type, payment terms, TIN, and contract dates. The cards are for ECOSSENTIAL FOODS CORP (two instances), MARABOU EVERGREEN RESOURCES INC (two instances), and METRO PACIFIC FRESH FARM.

- The user can view contracts, edit client profile and visit website if they put a link on it.

- **Primary** - The user sees this as the main or default entry among the business's listed classifications.
- **Secondary** - The user sees this as an additional, non-default entry for the business.
- **Ending Soon** - The user sees this as a warning that the linked contract is approaching its end date.
- **Expired** - The user sees this as confirmation that the linked contract's end date has already passed.

- The user can see the files that they put it.

- Region - The user can filter the table below by selecting a specific administrative region, such as NCR or Regions 1–12, instead of viewing entries from all regions at once.
- Outlet - The user can see the name of the specific retail store or branch location where a merchandiser has been deployed.
- Account Supervisor - The user can see the name of the supervisor responsible for overseeing merchandising operations at that outlet.
- Coordinator - The user can see the name of the coordinator assigned to manage the merchandising activities for that outlet.
- Coord Status - The user can see whether the coordinator assigned to that outlet is currently marked as active or inactive.
- Assigned Merchandiser - The user can see the name of the merchandiser assigned to work at that outlet.
- Type of Deployment - The user can see whether the merchandiser's deployment at that outlet is stationary or roving.
- Status - The user can see whether the merchandiser's deployment status at that outlet is currently marked as deployed or undeployed.
- Applicant Status - The user can see the applicant's current status for that outlet, such as Applicant Endorsed or Back Out.
- Deploy Date - The user can see the date on which the merchandiser was deployed to that outlet.
- Undeploy Date - The user can see the date on which the merchandiser was undeployed from that outlet.
- Action - The user can access options to edit, update, or manage the merchandiser record for that outlet.

53. SPX Hubs

The screenshot displays the 'SPX HUB LIST' dashboard for 'SPX EXPRESS — All Regions'. A red box highlights the summary statistics at the top. Below this are filter options for Region, Riders, and Coordinator, along with buttons for 'Export Hubs', 'Showing: 152 hubs', and 'Personnel Summary'. A search bar is also present. The main table lists 8 hubs, each with a region tag, hub name, and counts for Riders and Deployed status. The 'Assigned Riders' column shows specific rider names for the third hub.

#	Region	Hub	Riders	Deployed	Assigned Riders	Coordinator	Action
1	NCR 1 South	Apelo Hub	0	0	No riders assigned	Arnel Curiba	Edit
2	NCR 1 South	Arnalz Hub	0	0	No riders assigned	Arnel Curiba	Edit
3	NCR 1 South	Bagumbayan Hub	2	2	MASAYIA NOBUO - Deployed Anne Marie Hernandez - Deployed	Arnel Curiba	Edit
4	NCR 1 South	CAA Hub	0	0	No riders assigned	Arnel Curiba	Edit
5	NCR 1 South	Cupang Hub	0	0	No riders assigned	Arnel Curiba	Edit
6	NCR 1 South	Dasa Hub	0	0	No riders assigned	Arnel Curiba	Edit
7	NCR 1 South	FTI Hub	0	0	No riders assigned	Arnel Curiba	Edit
8	NCR 1 South	Las Pinas Hub	0	0	No riders assigned	Arnel Curiba	Edit

- **Total Hubs:** The user can see the total number of hubs recorded in the system.
- **Total Active Hubs:** The user can see how many of those hubs with riders that are currently active
- **Total Active Rider:** The user can see the total number of riders who are currently active.
- **Account Created:** The user can see how many new accounts have been created.
- **Account Modify:** The user can see how many existing accounts have been modified.
- **Deployed:** The user can see how many riders are currently deployed to a hub.
- **In Process:** The user can see how many riders are still being processed for deployment.
- **Inactive (red):** The user can see how many riders are currently marked as inactive.

- **Undeployed** - The user can see how many riders are currently marked as undeployed

The dashboard displays various metrics and a table of hubs. The metrics section includes:

- 152 TOTAL HUBS
- 40 TOTAL ACTIVE HUBS
- 416 TOTAL ACTIVE RIDER
- 0 ACCOUNT CREATED
- 0 ACCOUNT MODIFY
- 337 DEPLOYED
- 78 IN PROCESS
- 177 INACTIVE
- 0 UNDEPLOYED

Below the metrics are filter dropdowns for Region, Riders, and Coordinator, all currently set to 'All'. Action buttons for 'Export Hubs', 'Showing: 152 hubs', and 'Personnel Summary' are located to the right of the filters.

The main table lists 10 hubs, all under the 'NCR 1 South' region. The table columns are: #, Region, Hub, Riders, Deployed, Assigned Riders, Coordinator, and Action. The 'Riders' and 'Deployed' columns show counts (0 or 2). The 'Assigned Riders' column shows 'No riders assigned' for most hubs, except for Hub 3 which lists 'MASAYA NOBUO - Deployed' and 'Anne Marie Hernandez - Deployed'. The 'Coordinator' for all hubs is 'Arnel Curiba'.

#	Region	Hub	Riders	Deployed	Assigned Riders	Coordinator	Action
